

### Publications – January 2017

1.	Girija S, Adarsh R, Vineeth MV, Jayabalan M, Shivaram S. Design, preparation and characterization of pH-responsive prodrug micelles with hydrolyzable anhydride linkages for controlled drug delivery. <i>Journal of Colloid and Interface Science</i> . 2017.	3.782
2.	Rethikala PK, Nair RP, Krishnan LK, Krishnan VK. In vitro release study and antimicrobial property evaluation of ofloxacin loaded poly (2-hydroxyethyl methacrylate)/poly (caprolactone)/poly (ethylene glycol) hydrogel system for burn wound management. <i>Journal of Drug Delivery and therapeutics</i> . 2017;7(1):13-20.	--
3.	Vaidyanathan TK, Vaidyanathan J, Lizymol PP, Saraswathy A, Krishnan KV. Study of visible light activated polymerisation in BIS-GMA-TEGDMA monomers with Typw 1 and Type 2 photoinitiators using Raman spectroscopy. <i>Dental Materials</i> . 2017;33:I-II.	3.931
