

Publication in October 2010

1. Sukumaran SC, Sarma PS, Thomas SV. Polytherapy increases the risk of infertility in women with epilepsy. *Neurology*. 2010; 75(15):1351-1355. Impact factor: 8.172
2. Kishore A, Rao R, Krishnan S, Panikar D, Sarma G, Sivasanakaran MP, Sarma S. Long-term stability of effects of subthalamic stimulation in Parkinson's disease: Indian experience. *Movement Disorders*. 2010; 25(14):2438-44. Impact factor: 4.014
3. Manju S, Hari PR, Sreenivasan K. Fluorescent molecularly imprinted polymer film binds glucose with a concomitant changes in fluorescence. *Biosensors and Bioelectronics*. 2010;26: 894–897.
4. Manju S, Antony M, Sreenivasan K. Hydrogel that Binds Glucose and Release Ciprofloxacin : Synthesis and Evaluation. *J Mater Sci*. 2010; 45: 4006–4012.
5. Lizymol PP, Krishnan KV. Studies on Polymerization and Elution Characteristics of Antibiotic Loaded Acrylic Bone Cements. *J Polymer Materials*. 2010;27 (3): 257-266.
6. Velayudhan S, Ramesh P, Varma HK. Mechanical properties of hydroxyapatite filled ethylene vinyl acetate copolymer: effect of particle size and morphology. *Journal of Applied Polymer Science*. 2011;119(3): 1594-601.
7. Baheti NN, Krishnan S, Thomas B, Kesavadas C, Radhakrishnan A. Stroke-like episodes in Sturge-Weber syndrome. *Neurol India*. 2010;58:797-9.
8. Gopalakrishnan CV, Mishra A, Thomas B. Iophendylate myelography induced thoracic arachnoiditis, arachnoid cyst and syrinx, four decades later. *Br J Neurosurg*. 2010; 24(6):711-3.
9. Gadhinglajkar S, Sreedhar R. Surgery for pseudoaneurysm of the ascending aorta: role of intraoperative 2-dimensional and real-time 3-dimensional transesophageal echocardiography. *J Cardiothorac Vasc Anesth*. 2010; 24(5): 906-8.
10. Misra S, Gadhinglajkar S. Unexpected air in the left ventricle after aortic cannulation in two patients with severe aortic insufficiency: possible mechanisms and clinical implications. *J Cardiothorac Vasc Anesth*. 2010; 24(5): 824-7.
