

Publications August 2010

1. Chatterjee S Thomas B, Kesavadas C, Kapilamoorthy TR. Susceptibility-weighted imaging in differentiating bilateral medial thalamic venous and arterial infarcts. *Neurol India*. 2010;58(4):615-7.
2. Hingwala D Kesavadas C, Thomas B, Kapilamoorthy TR. Clinical utility of susceptibility-weighted imaging in vascular diseases of the brain. *Neurol India*. 2010;58(4):602-7.
3. Joshy KS Willi P, Chandra P. Sharma. Copper complexed carriers for IgG absorption. . *Journal of Colloid and Interface Science*. 2010.
4. Mohanan PV Banarjee S, Geetha CS. An indigenously developed human whole blood assay for pyrogenicity: A comparative assessment. *Toxicology letters*. 196(S):S131
5. Radhakrishnan N, Rao RM, TR Kapilamoorthy, Radhakrishnan VV. Primary yolk sac tumor of the paracavernous region. *Acta Neurochirurgica*. 2010;152.
6. Pendharkar HS Thomas B, Gupta AK. Susceptibility-weighted imaging in capillary telangiectasia. *Neurol India*. 2010;58(4):618-9.
7. Sajeesh S Bouchemal K, V. Marsaud, C. Vauthier, Chandra P. Sharma. . Cyclodextrin complexed insulin encapsulated hydrogel microparticles: An oral delivery system for insulin. *J Control Release*. 2010.
8. Sinha PK Misra S, Koshy T. One-Lung Ventilation Can Alter the Severity of Aortic Regurgitation. *J of Cardiothoracic and Vascular Anesthesia*. 2010;24:736-8.
9. Sunny MC Ramesh P, Mohanan PV and K.E. George. Metallocene based polyolefin: a potential candidate for the replacement of flexible poly (vinyl chloride) in the medical field. *Polymers for Advanced Technologies*. 2010;21 621-31
