

Publication June 2016

Sl.No	Description	IF
1	Easo S L, Mohanan P V. Hepatotoxicity evaluation of dextran stabilized iron oxide nanoparticles in Wistar rats. <i>International Journal of Pharmaceutics</i> . 2016;509(1-2):28-34	3.994
2	Vijayan V M, Shenoy S J, Victor S P, Muthu J. Stimulus responsive nanogel with innate near IR fluorescent capability for drug delivery and bioimaging. <i>Colloids and Surfaces B: Biointerfaces</i> . 2016;146(1):84-96	3.902
3	Krishna A S, Radhakumary C, Priya S S, Ramesan R M Sreenivasan K. Methotrexate anchored carbon dots as theranostic probes: digitonin conjugation enhances cellular uptake and cytotoxicity. <i>RSC Advances</i> . 2016;6:56313-18	3.289
4	GK Mini G K, Thankappan K R Switching to smokeless tobacco, the most common smoking cessation method: Results from the Global Adult Tobacco Survey, India. <i>Public Health</i> . 2016;136:172-74	1.566
5	Nair L V, Nair R V , Jayasree R S. An insight into the optical property of sub nano size glutathione stabilized gold cluster. <i>Dalton Transactions</i> . 2016. DOI: 10.1039/C6DT01753C	4.177
6	Krishnan V, Bhatia A, Varma H. Development, characterization and comparison of two strontium doped nano hydroxyapatite molecules for enamel repair/regeneration. <i>Dental Materials</i> . 2016;32(5):646-59	3.931
