

Share the experience: Free papers, award papers, interactive discussions

Abstracts are invited for selection by the selection committee :

- a) selected papers on on paediatric cardiology, cardiac surgery, anaesthesia and intensive care will be displayed as posters and judged to receive the best poster award.
- b) Rest of the selected papers will be displayed as posters and judged to receive the best poster award
- c) CD/video session: Individual case based scenarios are invited for discussion in the fields of surgical and neonatal/infant cardiac interventions, congenital heart surgery and intensive care.

Abstracts are to be e-mailed to Dr. Bijulal at bijulalsasidharan@gmail.com. CD's/videos for interactive case discussions are to be posted to:

Dr. Bijulal S,
Co-chairman, Scientific Committee,
PCSI 2011,
SCTIMST, Trivandrum, India 695011

Format for the abstract available at website

Please note these dates:

Last date for receiving abstracts/CD/video: August 15th.

Early bird registration: Upto July 15th,

Pre conference registration closes on September 15th

For tours, accommodation and flight or train timings kindly visit the website.

The Theme :
Tetralogy of Fallot
 (Yesterday, Today & Tomorrow)

Dear Colleague,

We have great pleasure in inviting you to the 13th Annual Conference of the Pediatric Cardiac Society of India to be held at Trivandrum. It is a four day program. The first day will be a workshop on surgical techniques, intensive care, interventional procedures and 3-D echocardiography. Other days are dedicated to advances in diagnosis and management of congenital and other childhood-onset heart diseases. On the last day there will be sessions for pediatricians, intensive care staff, technicians, perfusionists and a session on pulmonary arterial hypertension. The scientific conversations and mutual participation will hopefully take a measurable step towards better paediatric cardiac care in India.

Please do come and enjoy the warm hospitality and pleasant climate of our state. Come September, and we look forward to see you in God's own country.

Radhakrishnan K.
 Director
 SCTIMST, Trivandrum
 Patron

Tharakan J. A.
 Professor and Head, Cardiology
 SCTIMST, Trivandrum
 Chairman, Organizing Committee

Jayakumar K.
 Professor and Head, Cardiac Surgery,
 SCTIMST, Trivandrum
 Co-Chairman, Organizing Committee

Krishnanmoorthy K. M.
 Additional Professor, Cardiology,
 SCTIMST, Trivandrum
 Organizing Secretary

Zulfikar Ahmed M.
 Professor and Head,
 Paediatric Cardiology
 SAT Hospital, Trivandrum
 Joint Organizing Secretary

Organizing Colleagues

Scientific Deliberations

- Chairman : Sivasankaran S.
- Co-chairman : Bijulal S.

Core Committee

- Balu Vaidyanathan ▪ Baiju S. Dharan ▪ Krishnakumar R. ▪ Thomas Koshy ▪ Thomas Titus

Finances

- Harikrishnan S.

Executive Committee

- Edwin Francis ▪ George Koshy A. ▪ Gupta A. K. ▪ Jayakumar K. ▪ Kannan B.R.J
- Krishnan M. N. ▪ Lalitha Kailas ▪ Nair M. K. C. ▪ Pillai V. R. K. ▪ Pisharody P. N. N. ▪ Renu Kurup
- Rupa Srinivas ▪ Saji Philip ▪ Smitha Misra ▪ Sukumaran T. U. ▪ Sunitha Viswanathan
- Venugopal K. ▪ Vijayaraghavan G.

Conference Highlights:

September 29th - Workshop : What is new ?

- a. Surgical workshop: Repair of semilunar and atrioventricular valves utilizing 3-D echocardiography for optimizing surgical outcome
- b. Interventional cardiology workshop with live telecast on advanced interventional procedures on post operative residua and other structural heart diseases.
- c. Hands - on training on 3 D echocardiography in congenital heart disease (limited to first 30 registrants).

September 30th & October 1st: Plenary sessions : Tetralogy of Fallot (Yesterday, Today and Tomorrow)

Neonatal interventions, surgical, anaesthesia, intensive care and imaging sessions.

Debate sessions on cardiovascular prevention, emerging problems, core pediatric cardiology.

Free papers and award papers on paediatric cardiology, cardiac surgery, anaesthesia and intensive care;Invited CD/Video on case scenarios of surgical and neonatal/infant cardiac intervention also will find a place.

October 2nd: Dialogue with experts for hands that care.

Specialists interacting with general pediatricians and health care providers like intensive care staff, perfusionists, nurses and cath lab technicians.

Symposium on pulmonary arterial hypertension supported by Pulmonary Vascular Research Institute and Association of Pulmonary and Critical Care Medicine.

Faculty

International

Boban Thomas
 Consultant in Radiology and Imaging
 Fernando Fonseca Hospital, Portugal

Frank Shann
 Consultant in Intensive care, Royal Children's Hospital
 Melbourne, Australia.

Graham Nunn
 Director, Paediatric Cardiac Surgery
 Mater Children's Hospital, South Brisbane, Australia

Jane Newburger
 Consultant in Pediatric Cardiology
 Boston Children's Hospital, USA

Bistra Zheleva
 Assistant Director for International Programmes
 Children's Heart Link,USA

John Simpson
 Consultant in Pediatric and Foetal Echocardiography
 Evelina Children's Hospital, UK

Joseph De Giovanni
 Consultant in Pediatric Cardiology,
 Birmingham Children's Hospital, UK

Patricia Thistlethwaite
 Consultant Thoracic Surgeon
 University of California, San Diego, USA

Pedro Del Nido
 William E Ladd Professor and Chairman,
 Cardiac Surgery,

Rubin M. Tuder
 Professor of Pathology and Medicine
 University of Colorado, Denver, USA

Sheila Haworth
 Head of Cardiorespiratory Sciences
 Great Ormond Street Hospital, London, UK

A galaxy of national faculty will participate
