Dear Colleague,

After the positive feedback about the programs over the last 10 years, the Department of Cardiology SCTIMST, is planning to continue the training course "Back to Basics" in 2024. we are back with a bang. This upcoming hands-on training program will include topics such as cardiac catheterization, single and dual chamber pacemaker implantation, basics of pediatric cardiac intervention, and fundamentals of coronary imaging and physiology. Other highlights of the year's event include cardiac morphology by virtual CT and sessions that include training for DM/DNB examinations.

We invite you to participate actively and hope that the program benefits everyone by providing an opportunity to revise the basics.

Dr. Sanjay Behari
Director, SCTIMST
Patron

Dr. Krishnamoorthy K M
Sr. Prof & Former HOD
Department of Cardiology

Dr. Narayanan Namboodiri K N
Professor
Department of Cardiology

Dr. Harikrishnan S
Sr. Prof. & HOD of Cardiology
Organizing Secretary

Aim of the Course

This course is designed to aid all those who are practising interventional cardiology to brush-up the basics. All the major areas of cardiac interventions such as basic of coronary interventions, Pediatric interventions and Pacemaker implantation would be covered by the course

This will also be helpful for the continued development of young cardiologists who have started or have recently completed a program of training in interventional cardiology to have an in-depth understanding of the basics in the core areas.

Who Should Attend?

- ◆ Any cardiologist who wants to brush-up the basics in interventional cardiology.
- ◆ Fellows in training in Interventional Cardiology.
- ◆ Young cardiologists who have recently completed their training and want strengthen their basics in interventional cardiology

Previous Courses

This course is being conducted from 2011 onwards and is very well attended. Nearly 200 post doctoral trainees from all over India and neighboring countries attend the program annually. We hope that this will benefit the participants much more as it covers all the major areas in modern-day interventional practice.

**Participation
limited to 150**
(First-come-first-serve basis)

What can be expected

All presentations are given by recognized experts drawn from the interventional faculty. They will cover all the aspects of the subject discussed in depth, centred on the basics. During this interactive course, you will learn about basics of the hardware, the right selection of hardware and tips and tricks for various catheter interventional procedures.

The Highlights of the Course

- ◆ In-depth insight into interventional hardware
- ◆ Simulator sessions - Hands-on sessions with one to one guidance by faculty
- ◆ Femoral and radial coronary simulator session
- ◆ Pacemaker simulator session
- ◆ IVL - Intravascular lithotripsy
- ◆ Excimer Laser angioplasty
- ◆ Wet model rotablation simulator session
- ◆ FFR simulator session
- ◆ Bifurcation Models
- ◆ Femoral closure devices
- ◆ How to do a basic cath (hemodynamic) study (shunts, pressure recording, angiography)
- ◆ Session on ASD device closure
- ◆ IABP - Hands on trouble shooting
- ◆ FFR — Challenging cases and difficult scenarios
- ◆ IVUS, OCT Image interpretation sessions
- ◆ Impella
- ◆ ECMO
- ◆ Case In the Box Sessions - BMV, Transseptal puncture
- ◆ CT Based cardiac morphology-3D Anatomy sessions
- ◆ Hands on workshop - Wetlab (for 20 pre registered)

Team SCTIMST

- ◆ Dr. Krishnamoorthy K M
- ◆ Dr. Sanjay G
- ◆ Dr. Arun Gopalakrishnan
- ◆ Dr. Ramya Das N K
- ◆ Dr. Kakarla Sai Kiran
- ◆ Dr. Saurav Banerjee
- ◆ Dr. Harikrishnan S
- ◆ Dr. Abhilash SP
- ◆ Dr. Jyothi Vijay M S
- ◆ Dr. Mohamed Iliyas A
- ◆ Dr. Nayani Balbir Singh Makkar
- ◆ Mr. Suji K
- ◆ Dr. Narayanan Namboodiri
- ◆ Dr. Deepa S Kumar
- ◆ Dr. Sravan Kumar G
- ◆ Dr. Vishnu K
- ◆ Dr. Gousia Mukhtar

Academic Partners

- ◆ India Medtronic Pvt.Ltd.
- ◆ Terumo India Pvt. Ltd. & Cresta Medicare
- ◆ Abbott
- ◆ Veiva Scientific India Pvt. Ltd.
- ◆ Boston Scientific
- ◆ Sahajanand Medical Technology Ltd.
