

Publications September 2010

1. Gadhwajkar S, Siddappa S, Sreedhar R, Madathipat U. Cardiac herniation following completion pneumonectomy for bronchiectasis. *Ann Card Anaesth.* 2010;13(3): 249-52.
2. Jolapara M, Patro SN, Kesavadas C, Saini J, Thomas B, Gupta AK, Bodhey N, Radhakrishnan VV. Can diffusion tensor metrics help in preoperative grading of diffusely infiltrating astrocytomas? A retrospective study of 36 cases. *Neuroradiology.* 2010.
3. Neema PK, Mishra S, Manikandan S, Rathod RC. 2-Dimensional Echocardiography and M-Mode Doppler of the Interatrial Septum for Assessment of Left Ventricular Diastolic Function. *Journal of Cardiothoracic and Vascular Anesthesia* (Elsevier Saunders).
4. Pankajakshan D, Krishnan KV, Krishnan LK. Functional Stability of Endothelial Cell Phenotype on a Novel Hybrid Scaffold during Vascular Tissue Engineering. *Biofabrication* Published online.
5. Sajeesh S, Vauthier C, Gueutin C, Ponchel G, Sharma CP. Thiol functionalized hydrogel microparticles based on polymethacrylic acid for oral insulin delivery. *Acta Biomaterialia* 2009;06 (08): 3072-80.
6. Sharma CP (Edited). Biointegration of medical implant materials Surface and design. Edited by CRC Press (USA). 2010.
7. Thomas JJ, Rekha MR, Sharma CP. Dextran-protamine polycation: An efficient nonviral and haemocompatible gene delivery system. *Colloids and Surfaces B: Biointerfaces.* 2010;81(1):195-205.
8. Vibin M, Vinayakan R, John A, Raji V, Rejiya CS, Abraham A. Biokinetics and In Vivo Distribution Behaviours of Silica-Coated Cadmium Selenide Quantum Dots. *Biol Trace Elem Res* 2010.
