EPILEPSY BASICS AND GENDER ISSUES FOR MEDICAL STUDENTS

Saturday 8th January 2011

Venue:

Sree Chitra Tirunal Institute for Medical Sciences &
Technology, Thiruvananthapuram.

Organised By: Kerala Registry of Epilepsy & Pregnancy

Dear Doctors,

We are delighted to invite you to this workshop on epilepsy. Epilepsy is the most common neurological disorder. Young doctors are often underexposed to epilepsy during their undergraduate medical training.

This workshop is designed to provide basic knowledge on epilepsy to the participants and impart sufficient skills to manage it. We have focused attention to specific problems such as status epilepticus, epilepsy and pregnancy and medically refractory epilepsy. A unique feature of this workshop would be the case simulations.

We would encourage you to make early registrations. Looking forward for your active participation.

Prof. Sanjeev V. Thomas,
Organizing secretary.

! No Registration Fee
! No Spot Registration

Registration is restricted to first 50 Applicants

Venue:
Seminar Hall, IIIrd Floor, Achutha Menon
Centre for Health Science Studies (AMCHSS)
