Programme Schedule

Dear Colleagues & Friends

It is indeed an honour to write this communiqué to you, for inviting to attend 'FLAIR-2010'. The conference is being organized on 12th December 2010 at AMC Auditorium, Sree Chitra Tirunal Institute for Medical Sciences and Technology, Trivandrum. The organizing committee is quite sure that this conference will provide a great opportunity for learning, sharing knowledge and exchanging their experience in the field of Imaging Science & Interventional Radiology.

To benefit our generation, for the first time we are planning to organize the video demonstration classes to be delivered by our experienced faculty members. There will be one to one discussion on the subject amongst delegates and faculty. Our goal is not only to enrich one's knowledge, but also cherish memories of the conference.

On behalf of the organizing committee, we once again inviting you to share the experiences and will eagerly await a positive revert.
