

Farewell message from former President

To

**The Director
SCTIMST, Kerala**

Dear Dr Asha

This is only to convey my fond farewell to all members of the Chitra family. It has been an honour and a privilege to serve such a distinguished organisation. I have learnt a great deal from my years in Chitra and have benefited from working in an area that was entirely new to me. I thank you personally for having been such a pillar of strength and support to the organisation and for having guided me so efficiently through uncharted waters . I wish SCTIMST and all its employees all the very best in the years to come under the guidance of its new President, new IB and GB. May the Institute scale new heights of success and glory!

Please convey my thanks and best wishes to all.

With warm regards,

Yours sincerely,

K. M. Chandrasekhar
